

ERP, clearly  
Delivered by 

Consultation · Customization · Integration

# A specialized Odoo partner.

**AIN Solutions** helps growing businesses run on a single, connected system. We implement, customize, and integrate Odoo ERP so teams spend less time on manual work and more time on what matters.

---

Consultants, developers, and analysts  
working as one delivery team.

## Built on clarity

Like our logo's aperture, we bring **focus** to complex systems — turning scattered tools and spreadsheets into one clear view of your business.

## 02 — ABOUT US

### OUR MISSION

Build Trust & Reputation by delivering practical, reliable ERP solutions Tailored to each business.

### OUR VISION

Become the trusted Odoo partner for companies modernizing their operations across the region.

### OUR VALUES

#### Customer Success

We measure our success by the value we create for our clients.

#### Excellence

We deliver high-quality solutions with attention to detail.

#### Integrity

We build long-term relationships through honesty, transparency, and accountability.

## 04 — OUR EXPERTISE

# Deep Odoo, end to end.

From first assessment to long-term support, our team covers every layer of an Odoo ERP program.

### ERP Implementation

Full Odoo rollouts across finance, sales, inventory, and HR.

### Custom Development

Tailored modules, workflows, and reports built to fit your process.

### System Integration

Connect Odoo with banks, e-commerce, and third-party platforms.

### Data Migration

Clean, structured moves from legacy systems with zero data loss.

### Process Re-engineering

Map and refine operations before they go into the system.

### Training & Support

Hands-on enablement so your team owns the system with confidence.

## 05 — OUR SERVICES

# What we do for you.

### 01 Odoo Consultation

Fit-gap analysis and a clear roadmap before you commit.

### 03 Customization

Custom modules and workflows that match how you operate.

### 05 Migration & Upgrade

Move to the latest Odoo version safely and on schedule.

### 02 Implementation

Configure and launch the modules your business runs on.

FOODICS®

# A proven path to go-live.

# The partner that stays.

We measure success by what happens after go-live, not just at launch.

## Qualified expertise

A team of trained Odoo consultants and developers.

## Tailored, not templated

Solutions shaped around your real processes.

## Transparent delivery

Clear milestones, timelines, and communication.

## Support that lasts

Dedicated post go-live care and enhancements.

# odoo platform for everything.

Odoo replaces a stack of disconnected tools with a single, integrated suite — used by millions of companies worldwide.

## All-in-one suite

CRM, accounting, inventory, HR, and more in one place.

## Modular & scalable

Start small and add apps as you grow.

## Cost-effective

Strong value compared to legacy ERP systems.

## Open & flexible

Open-source core that adapts to any workflow.

## Fast Deployment

Rapid implementation with minimal business disruption.

## Continuous Innovation

Regular updates and new features to support business growth.

# +14M

users run their business on Odoo
